

Dear Parents,

I hope you and our children are healthy and safe. With your cooperation, our school started on schedule. Our online classes have received an enthusiastic response. We are committed to maintain the required pace of curriculum transaction, so that students do not feel unduly pressurised when school reopens. We have also endeavoured to transact our co-curricular activities online. After all, TFFS is also known for its co-curricular emphasis, and we wish to maintain that.

Over the last few years, we have ramped up our infrastructure hugely. It has meant that a sizeable chunk of our financial resources have been devoted towards this end. Our school is now fully air-conditioned, we have a modern sewage treatment plant, a new drinking water plant has been installed, a modern fire-fighting system is in place, quite apart from new buildings and classrooms. We were in the last leg of the revamp when Covid 19 struck. Our financial position is such that without the fees coming in as planned, we risk defaulting on salaries and meeting other committed payments and planned outlays as well as attending to infrastructural requirements. We thank you for your continued support in these trying times.

Going forward, we wish to assure you that we are together as a family in fighting this new battle. You can always reach out to the school with your individual suggestions and issues, and we will always do the best we possibly can.
