After School Programmes

**Sweet Home:** Currently caters to children of Classes I to VI beyond school hours. It creates a productive partnership between the school and parents to ensure a healthy grooming for the child and provide the right guidance to face future challenges. with the scope of advancing a child's academic, social and personal development in a supportive, safe and challenging learning environment.

**Empathy:** Currently caters to children of Classes I to V having learning gaps / difficulties. The academic intervention process by Special Educators is done through daily homework and skill building in Mathematics and English.

**Scholar Programme:** Currently caters to children of Classes I to VI to work on their self study habits by developing a study routine. This helps in curbing the tendency to go for private tuition. Revision of the day's lessons and preparation for the next day's lessons are done on a regular basis.
